

# INFORMATION SECURITY POLICY

MSS India's Information Policy focuses on the protection of the three components of information stores in MSS systems: Confidentiality, Integrity and Availability as well as ensuring Data Protection.

In order to keep risk to an acceptable level for all the critical information assets we handle, MSS India will define a systematic procedure for risk assessment and evaluation standards, and respond to risks appropriately based on risk assessments.

MSS India Pvt. Ltd., comply with all legal requirements, codes of practice and all other requirements applicable to our activities; therefore, as a company, we are committed to satisfy applicable requirements related to information security and the continual improvement of the Information Security Management System.

MSS India will make employees and other interested parties aware about Information security Policy by timely communication and regular trainings.

A handwritten signature in blue ink, appearing to read "Ajay Chaudhari", is positioned above the printed name.
